DECISION ON
PETITION
UNDER 37 CFR § 1.137(b)

Applicants' "Petition for Revival of an Application for Patent Abandoned Unintentionally under 37 CFR § 1.137(b)," filed in the United States Patent and Trademark Office (hereinafter "USPTO") on 16 April 2004 is DISMISSED.

BACKGROUND

On 12 January 2000, applicants filed international application PCT/US00/00790. The international application claims a priority date of 20 January 1999 and designates the United States.

A Demand electing the United States was filed prior to the expiration of 19 months from the priority date. As such the deadline for filing a copy of the application and the basic national filing fee was extended to 20 July 2001.

On 11 July 2001, applicants filed a transmittal letter for entry into the national stage of the United States, which was accompanied by, the basic filing fee, oath or declaration of the inventor(s), a preliminary amendment and a change of power of attorney.

On 27 August 2001, the USPTO mailed to Applicants a Notification to Comply with Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures and Notification of Missing Requirements Under 35 USC 371 in the United States Designated/Elected Office (Form PCT/DO/EO/905) requiring an oath or declaration, translation of the application in English and a surcharge.
